- Word Processing

No matter where you want to go, our credits can get you there. And if you're not sure where you want to go, our friendly counselors and instructors will help you find your way. What's your goal?

- **Transfer degrees** - If you plan to pursue an advanced degree, MCC's outstanding and accredited liberal arts education provides a solid foundation for success as you work on your Bachelor's Degree and beyond. You can even work on an advanced degree from Ferris State University, Grand Valley State University, or Western Michigan University right here at MCC's Stevenson Center for Higher Education.
- **Career degrees** - MCC offers a variety of Associate in Applied Science degrees that prepare you for the jobs of tomorrow in emerging fields such as alternative/renewable energy, video game design, and business. Earn your degree in two years and start your new career!
- **Certificates** - In a year or less, you can gain or update your working skills in a whole new area. From automotive repair, machining, and welding to computers, fire science, and alternative energy and entrepreneurship, MCC will get you there.

Pick your path at MCC. We'll make sure you get to where you want to go.
